What additional key issues should be addressed when assessing the potential impacts of this project?

THE #1 Damaged line should be utilized to feed the  
N-LPX Substation. We do not want more line engraved  
into our world w/ this in Centerville and DO NOT WANT OUR  
beautiful city destroyed by power lines. A line along US 53.  
William's reporting lines and comments. My home is worth about  
300k - and was built 2 years ago.
